

## OUR PROGRAMS

# Box for a homeless puppy

Employees involved in the 'GEODIS helps' program organized help for the Judyta Puppy Foundation.

'Foundation for Puppies Judyta' is a non-profit organization whose goal is to help dogs' children. The foundation takes care of abandoned, sick and injured puppies - often with their mothers. The animals are treated and prepared for adoption.

As part of the initiative, GEODIS employees provided gifts in the form of food, lairs, toys, bowls, detergents, leashes, collars etc.

The action was coordinated by **Weronika Mikulska**.
