

Christmas Charity Auction

In 2019, on the occasion of Christmas, our company employees could take part in a competition whose task was to prepare a Christmas ornament or a collection of Christmas decorations.

Each contestant could donate their decorations for the Christmas Auction. Auction winners could collect the decorations on the basis of proof of payment to the person indicated by the donor. During the auction, six pupils from various foundations received financial help. The action was carried out via the company's Intranet
