

OUR PROGRAMS

Easter Charity Auction

In 2018, on the occasion of Easter, a charity auction was organized at our company for pupil of various foundations.

Employees provided items or services and indicated who they wanted to help in this way. Auction winners could collect the auctioned items/services, based on the proof of payment to the beneficiary of the foundation indicated. During the auction, nine pupils from various foundations received financial help. The action was carried out via the company's Intranet.
